Dear Rotarians,

Your generous donation of \$1705.50 in October of last year was allocated to the Siloam Eye Hospital in Andhra Pradesh, India to support its outreach programs.

Outreach clinics in particular are wonderful tools to access remote and poor communities to engage them in preventative and curative measures to preserve their sight. And since 75% of all blindness is preventable, your support of outreach clinics goes a long way in helping us to reduce blindness in the developing world.

The completion material enclosed provides more details in a report from the Siloam Eye Hospital along with some photos.

Thank you for continuously supporting our vision to give the gift of sight to the poorest of the poor.

With much gratitude,

Ekuia Kariuki
Development Officer
